RE: Withdrawal of elements from the LRAPA-Oakridge SIP submittal

Dear Dennis:

As the Governor's designee for the Clean Air Act State Implementation Plan, the Oregon Department of Environmental Quality requests the withdrawal of the following elements from the Oakridge Fine Particulate Matter (PM<sub>2.5</sub>) Attainment Plan submitted December 12, 2012:

- OAR 340-200-0040 – General Air Pollution Procedures and Definitions; the adopted and amended version of the rules (Attachment 3.1a) and the Redline/strikeout version of adopted and amended rules (Attachment 3.2a)
- LRAPA Title 29 – Designation of Air Quality Areas: the adopted and amended version of the rules (Attachment 3.1a) and redline/strikeout version of adopted and amended rules (attachment 3.2a) *except*:
  - 29-0010(10) - Oakridge PM<sub>2.5</sub> Nonattainment Area definition. (typo corrected)
  - 29-0030
- Title 38 – Major New Source Review (Attachment 3.3f3)
- Smoke Management Directive (Attachment 3.3f2).

These elements should not have been included in the submittal for approval but should have been identified as informational items to show a complete account of the rulemaking package.

As noted above, Title 29-0010(10), and 29-0030 *are* part of the plan submitted for approval. The Title 29 document originally submitted contains a typo and a corrected version of this document has been included with this letter for your approval.

Thank you for your assistance with revisions to Oregon's SIP. If you need additional information or have questions, please contact Emil Hnidey, SIP Coordinator at (503) 229-5946.

Sincerely,

Joni Hammond,  
Deputy Director
